The Agape House is a Christian Shelter that has ten self-contained, furnished apartments. They are both one and two bedroom units with a kitchen, dining area, bathroom, and living room. We have added bunk beds and a sofa bed to accommodate larger families.

The Agape house is more than a shelter for the homeless. We Have designed a program that provides opportunities for displaced women and families to become integrated into the community. We work together with other local agencies to help our clients find employment, housing, childcare, and educational resources.

- There is a trained staff of counselors to assist the families with their progress.
- Supervised group meetings and other events are in place to help teach and train individuals.
- We also have a Life Skills Coach living at the Agape House to assist us with our guests.
